Winter Sports

Every Friday throughout the months of January and February, we spend half the day participating in a winter sport or activity. The activities are yoga, squash, tennis, skiing, snowboarding, nordic skiing, bowling, billiards, backcountry skiing, basketball, and rockclimbing. We love these activities because it brings us together as a middle school.

ROWMARK

"Being on Rowmark has been a great experience! All of our teammates are great friends and always have a lot of fun no matter the activity. Going on away trips are my favorite because we always have so much fun on the bus and we always end up making great memories. I cannot wait to continue racing and I am really looking forward to creating new, great memories."

HOLIDAYS

Sophie Stinnett giving a great speech at Candle and Carol!

"It was a great experience and it was a great time to see all of my friends before leaving for Christmas break. It was awesome to be able to see all of my fellow peers singing and dancing. I cannot wait until next year and see who is featured in the show."

- Caroline Applegate

The holidays are always a fabulous time of year no matter what you believe in. To kick off the holiday season, Rowland Hall has a whole school performance called Candle and Carol. During Candle and Carol, students and teachers give speeches and say prayers. The performing art groups play wonderful songs and get everybody singing to the holiday tunes. In addition to all of these incredible performances, certain students who are willing will put on their own small performance during a talent show. The talents shown by these individuals are amazing!

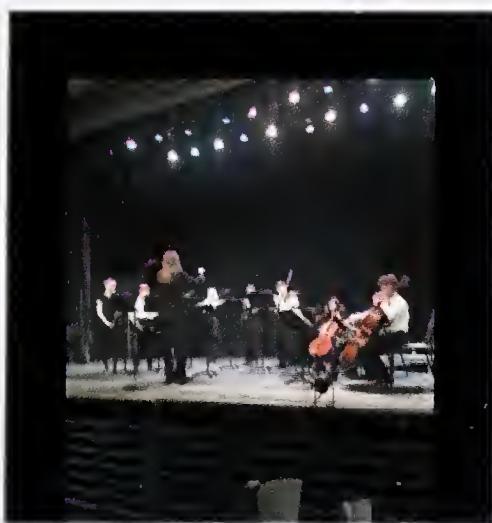

Band

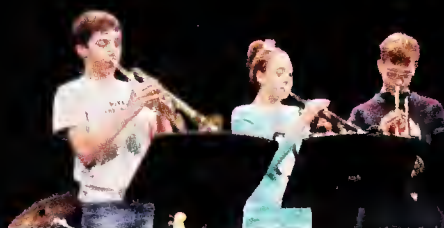

and

Orchestra

"There are a lot of people in band that are really nice."
- Patrick McNally

Rowland Hall students taking band and orchestra enjoy it very much. Some students are learning how to play their instruments for the first time, while others are quite experienced already. Increasing their music knowledge is quite enjoyable for all the students, and we enjoy hearing them play it!

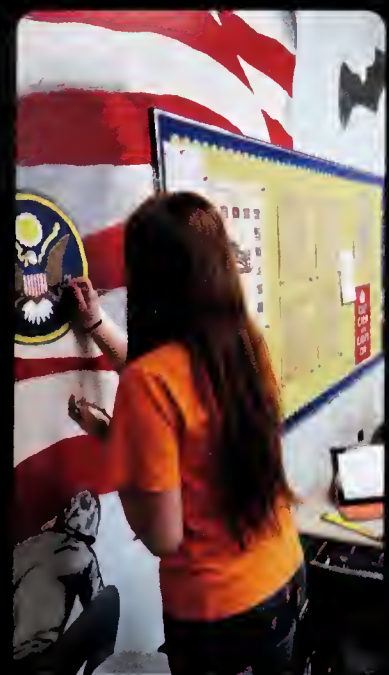

"Starting trumpet this year has been really fun."
- Chris Klose

Art

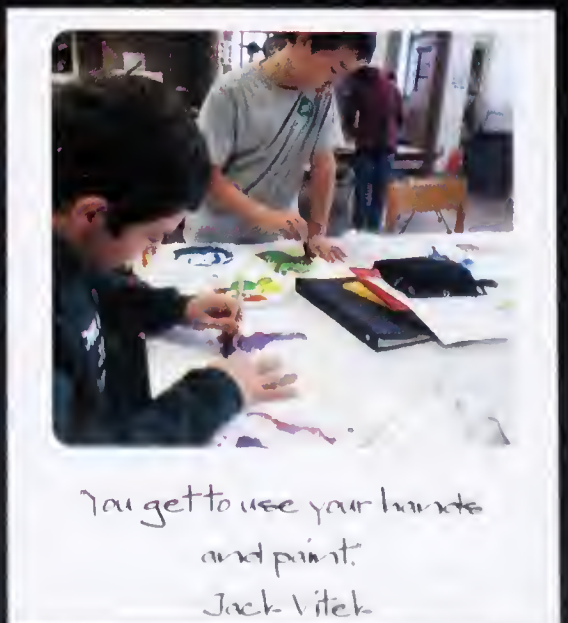

"I made better friends."
-Tasia Tanner

Art is a fun way to express yourself. The students in 3D Art made paper mache sculptures out of a song they liked and based the sculpture on that song. 2D Art made abstract collages! All the students love the teachers and projects they get to do! Who is going to be the next Picasso?!

"It's very hands on!"

Whether it is tackling, scoring, or hanging out with friends, playing soccer at Rowland Hall is simply FUN! The girls enjoy working together for a common goal. We enjoy watching them kick butt!
